PAPER FLIGHT CERTIFICATES EXPIRE ON MARCH 31, 2010

Paper pilot certificates must be replaced by the newer plastic versions by March 31, 2010. If you have a **plastic** pilot certificate, issued after July 2003, you do not need to order a replacement. Follow the link below to get the page on the FAA Website which explains the ruling and provides instructions for replacing your certificate. Also, as of March last year, anyone wanting to fly internationally must have the words "ENGLISH PROFICIENT" printed on their certificate under "Limitations." All new certificates include this, so if yours does not, just order a replacement certificate from the FAA.

EAA 1373 MARCH MEETING

WHEN: 10 am March 6, 2010

WHERE: Samaritan Aviation Hangar (Ross' hangar), Meeting Room, 1650 Airport Rd., Montrose

At the October meeting, Norm and Joe Kastendieck enjoyed a ride in Norm's RV. Joe hopes to attend the Oshkosh Young Eagles event. But he needs some help with the expenses.

“Checks in the mail” or “I’ll bring a check to the next meeting”

We would love to hear one of the above responses from a flock of members to help sponsor a Young Eagle to Oshkosh this year. Norm has a fine young man ready to fly. If you are willing to help out, a check in any amount will be directed toward this cause. Bring it to the next meeting on March 6th, or mail it to our illustrious Treasurer at EAA 1373, C/O Art Pontow, 22846 U Rd., Cedaredge, CO 81413. If you need more details on the young man, call Norm at 970-249-3399. Submitted by Ric.

From the T.C.'s Workbench

These words are from the same workbench - just a different sign hanging over the door. I plan to contribute a short article most months with a planned subject matter of chapter projects. Between the record cold and all the snow this Winter, I have not done much airport-ing or flying so I have not been visiting many projects. On the other hand that is good because I have been spending extra time in the garage trying to finish the RV-8 by Spring flying weather. You guys will definitely have to spring for a builder's plaque next February. This month's project updates are simple to report on. Ross is selling his RV-7A and his Bearhawk project. George Hanna is selling the Murphy Rebel and his RV-6. If interested, call Ross or George respectively.
